\$173.25

THE COST OF WATER IN MISSISSIPPI

Nationally, water is the fastest growing household utility service. As a result, many Americans in Mississippi are struggling to pay their water and wastewater bills.

Median water and
wastewater rate in 2022

\$86.37

Rate includes water + sewer
per month¹

Income-eligible
individuals

869,817

Total individuals under
150% FPL²

Percent of income spent on water/
wastewater by poverty rate³

FPL: Federal Poverty Level⁴

What is the Low Income Household Water Assistance Program?

LIHWAP is the first-ever federal water assistance program to help meet unmet water needs across the country by helping low-income households pay for their water and wastewater bills.

Who in Mississippi benefits from the program?

LIHWAP benefits households with the lowest incomes, and who pay a high proportion of income for drinking water or are facing water disconnection. This includes:

Mississippi
households benefited

6,928

Households with
an older adult

2,862

Households with a
disabled person

459

Households with a
child under five

889
